Babe Ruth Park Lights Installed; Make Up Games Will Be Scheduled

Halted by rain from June 20-23, the Babe Ruth League play got underway Thursday night when the Cardinals thumped the White Sox, 17-4. Steve Burgess allowed the White Sox six hits while the Cardinals collected nine off of Harry Lisle and Robert Cooke.

For the first game under the lights, the Pirates and the Giants developed a free-scoring affair Saturday night in which the Giants came out on top, 16-11. Wallace Busted was high batter for the

Pirates while Jim Killingsworth shone for the Giants. Donald Breitling pitched for the Giants while Doug Ward hurled for the Pirates.

A 7-7 tie will be played off Saturday at 5 p. m. at the Babe Ruth League Park between the Kiwanis Club and the Rotary Club.

The game was called after four innings Monday.

Monday night Ronnie Reynolds of the White Sox outlasted Russell Cook of the Giants and scored his team's winning run in the last of the seventh with the score ending 5-4. Killingsworth, David Cole and Bill Ashley were high scorers for the Giants. John Stritzel and Wayne Marshall helped the White Sox cause at the plate.

Make up games are being scheduled for the week after the completion of the present schedule on July 18. After these games have been played, one more round of six games will be played to end the season in the first week or so of August.

Participation in the Babe Ruth League District tournament at Levelland July 27, 28 and 29 is yet to be decided.

Cherrys Honored With Reception

Mr. and Mrs. W. T. Cherry Jr. were honored with a reception on Thursday evening in the home of Mr. and Mrs. H. R. Fulton Jr.

Centered with a bouquet of red roses and gold carnations topped with a styrofoam map of Montana, the serving table also featured two newspapers. The Canyon News was headlined with "City Flooded With Tears, Cherrys Leaving." The other, The Lewistown Daily News, carried a picture of Mr. Cherry landing a big fish.

Punch and cookies were served to approximately 40 guests by Mrs. Hosea Foster.

Mr. Cherry left for Lewistown Saturday and Mrs. Cherry and daughters left Tuesday by plane for their new home.

Services Set Today For Mrs. Rushing

Funeral services will be held at 4 p. m. today in the First Methodist Church in Floydada for Mrs. Susie Alice Adams Rushing, 85, who died early Tuesday.

The Rev. Dewitt Seago, pastor, will officiate, assisted by the Rev. Herschel Thurston of Hereford. Burial will be in Rushing Chapel Cemetery near Floydada under the direction of Harmons Funeral Home. Warren-LaGrone Funeral Chapel handled arrangements here.

Mrs. Rushing, who was born June 20, 1874, died early Tuesday in her home at 1600 Sixth Avenue. She had been bedridden for several years.

She came to Texas from Pauls Valley, Okla., when she was 12. In 1893 she married the late Sherman Lee Rushing, who was a pioneer rancher and banker in Floydada. He helped build the Rushing Chapel on his homestead ranch.

Survivors include five daughters, Mrs. Lula Belle Moreman, Mrs. E. M. Myers, and Mrs. Felix Pierce, all of Canyon, Mrs. Billie Jones of Houston and Mrs. Jennie Henry of Monrovia, Calif.; a son, Lee, of Floydada; 16 grandchildren and 21 great-grandchildren.

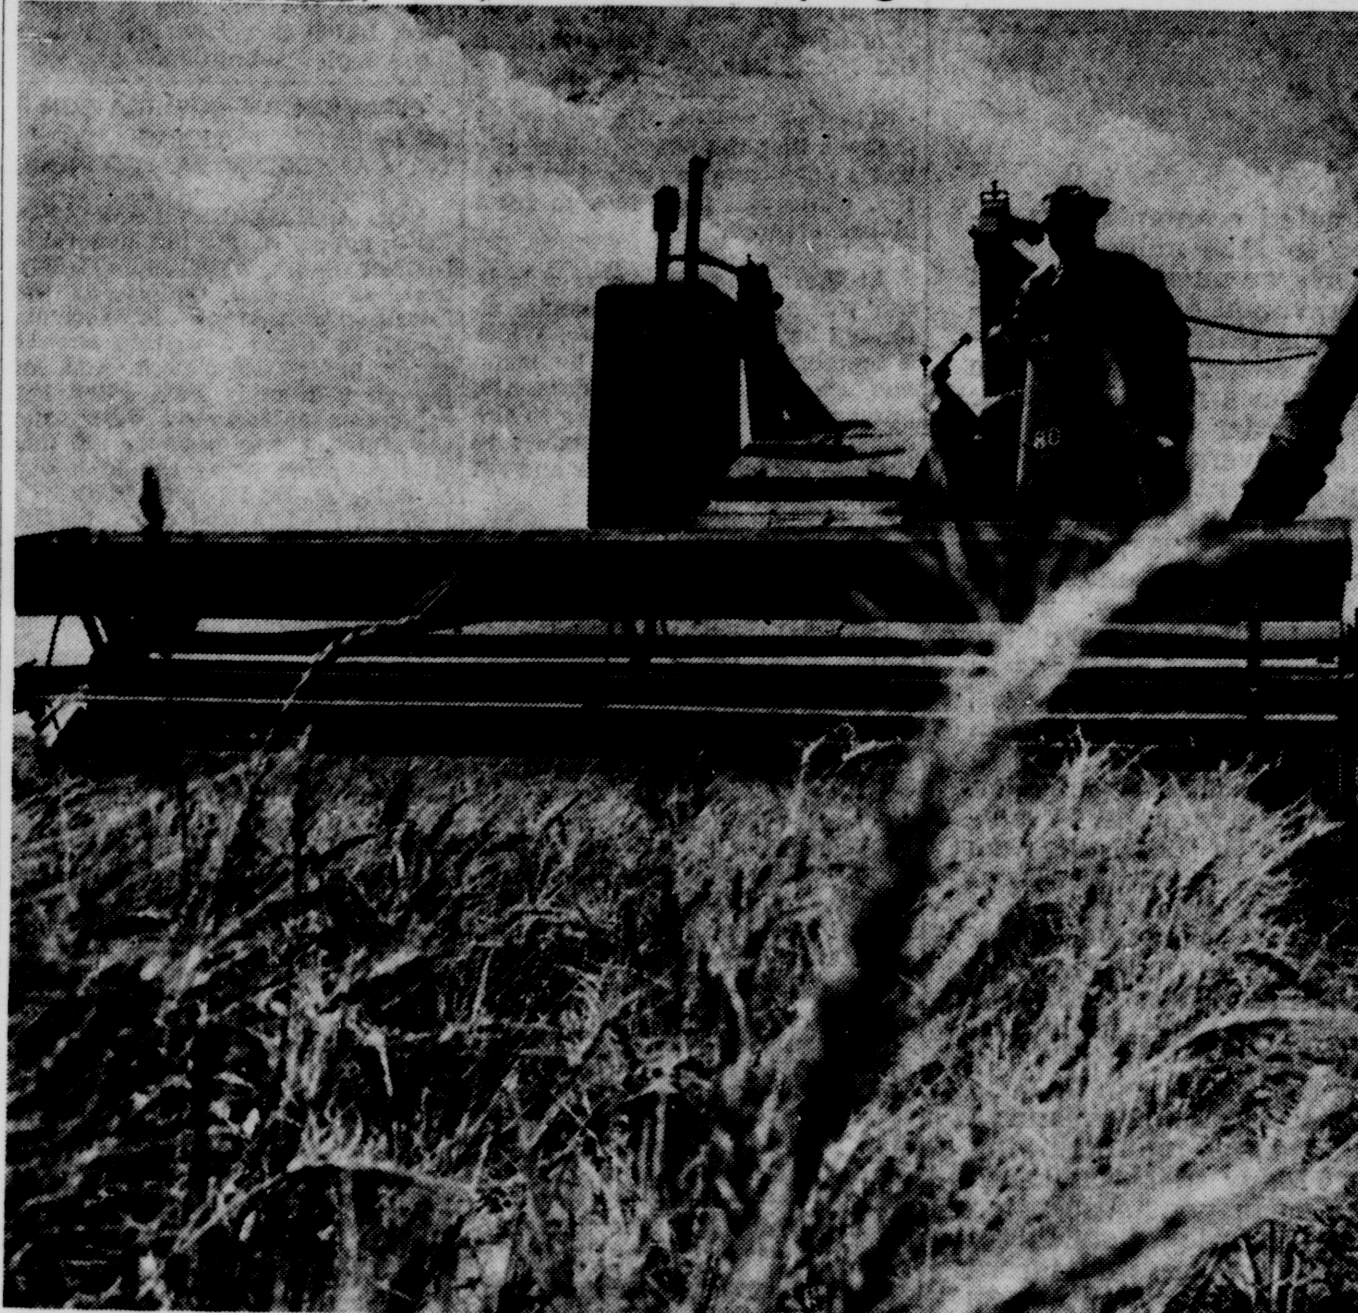

News Receives 2 Second Places

The Canyon News received two second place awards at the Texas Press Association convention in Brownsville last week.

The News won second in appearance and second in news pictures. Certificates of merit were given as prizes.

Announcement of the awards was made Saturday, final day of the convention. The Gilmer Mirror took first place in appearance and the Hondo Anvil Herald won first in news pictures. The contest is based on population divisions.

Harvest Underway Again

"Heap high the farmer's wintry board." E. H. Lindsey is just one of area farmers putting truth in John Greenleaf Whittier's quotation. The wheat is in Ed Money's field, south of town. Showers last week delayed the harvest several days.

Former Resident Dies in Kansas

A former resident of the Ralph community, L. T. Hill, 79, died Saturday in Norton, Kan., and funeral services were held this morning in Woodland, Miss.

A resident of the Ralph community from 1927 until 1935, when his family moved to Mississippi, Mr. Hill is the father of Mrs. Burney Slack of Canyon. Other area relatives are a brother, D. S. Hill, and a daughter-in-law, Mrs. Ruth Adcock Hill, both of Canyon.

Mr. Hill had undergone surgery in a hospital at Norton. Mr. and Mrs. Slack were in Norton at the time of his death and attended the funeral in Woodland.

Other survivors include two sons, James Lee Hill of Wichita, Kan., and Rex Hill of Mantee, Miss.; another brother, John P. Hill of Woodland, Miss.; two sisters, Mrs. Rose Harrington of Aberdeen, Miss., and Mrs. Luther Harrington of Houston, Miss.; nine grandchildren and six great-grandchildren.

Ten Attend Meet At McMurry

Eight members of the Methodist Youth Fellowship and Rev. H. Doyle Ragle and Rev. Allan Brockway are attending the Youth Assembly at McMurry College this week.

Youth delegates are Bill Callaman, Kerry Knorpp, Sarah Ragle, Marlene Wallace, Marie Dowlen, Virginia Crounse, Nancy Cleavenger and Beverly Richard. Ragle and Brockway are teaching at the assembly.

Wheat Harvest 60% Completed

Randall County's wheat harvest is about 60 per cent complete, with most farmers expecting to complete cutting late next week, according to estimates by Canyon elevator operators.

Rains, which delayed the harvest for most of last week, cut the grade of wheat down. Rain swells the grain and it does not return to normal size as drying begins, the operators explained. The enlarged plant cuts down on the amount of weight which can be squeezed into a bushel, thus cutting down on the amount of money received for the crop.

Chief damage, however, is the high content of weeds in the wheat, especially dryland grain. The weeds result in an off-color product.

Myers Accepts Land Award

An appeal of a condemnation award, scheduled Monday morning in Randall County court was dismissed Monday afternoon after T. J. Myers of Canyon accepted an award previously offered by the condemnation commission.

Myers accepted the commission award of \$12,438 for his property on the right of way on Highway 60. The highway is being widened to four lanes.

Graveside Rites For Bonds Twins

Graveside services for twin infant daughter and son of Mr. and Mrs. Jack Bonds were conducted at 4 p. m. Monday at Dreamland Cemetery with the Rev. Dale M. Harter, pastor of the First Christian Church of Canyon, officiating. Carrie Lee and Garry Wayne were born June 27 at Neblett Hospital. Carrie Lee died the day of birth and Garry Wayne died Monday.

Besides the parents, survivors are two brothers, Jack Jr. and Larry Dean; a sister, Debra Lynn; and three grandparents, Mr. and Mrs. G. J. Bonds of Rogers, Ark., and L. H. Holman of Canyon.

Services were under the direction of Warren-LaGrone Funeral Chapel.

Crawford Rites Held Monday

Services in memory of Horace Bishop Crawford, a brother of Hubert Crawford of Canyon, were held Monday in the Assembly of God Church in Spearman.

Mr. Crawford, 77, died Saturday in the Hansford County Hospital. He had suffered a stroke three weeks before.

Burial was in Hall Cemetery. Born in Hale County, Mr. Crawford had spent most of his life as a mechanic in Mills County. He had lived in Spearman only five days before suffering the stroke.

Other survivors are Mrs. D. B. Kirk of Spearman, a sister, and J. C. Crawford of Mullin, a brother.

Commission Approves Election; One New Member Takes Office

Returns of the election for the Home Rule Charter for Canyon were canvassed and approved Monday night by the City Commission

and Delbert Lowes, who was elected, along with John A. Williams, was sworn in as commissioner, place 5. Mr. Williams was out of town Monday and will be sworn in as commissioner, place 4, at the next commission meeting.

Reservations Due For Opera Tour

Reservations are available for a weekend opera tour to Denver and Central City, Colo., according to Dr. Ples Harper, director of the tour.

The tour will leave Canyon at 5 a. m. July 17 and return about 6 p. m. July 19.

Traveling by chartered air-conditioned bus, the group will arrive in Denver between 2:30 and 4 p. m. Friday, and will attend the Music Festival at Red Rocks that night. Saturday the group will attend the matinee and evening performances at Central City.

Douglas Moore's "The Ballad of Baby Doe" will be presented at the matinee, and the evening performance will be "Die Fledermaus" by Johann Strauss. "The Ballad of Baby Doe," winner of the Music Critics Circle Award, is rated as the outstanding American opera.

The tour will return to Denver to spend the night and will arrive back in Canyon Sunday.

Dr. Harper may be contacted for further information, and reservations are to be made through the business office at West Texas State College. Deadline for making reservations is July 12.

No action was taken by the commission on hiring a city manager for Canyon and none will be taken until all the legalities of the Home Rule Charter are approved. The charter must be filed and approved by the Secretary of State and the commission must prove that the population of Canyon is 5,000 or over.

Other business transacted by the commission was routine.

Yankees Lead Majors Redlegs Top Minors

The Yankees under the direction of Durwood Brown and Barbara Brown are leading the Little League majors with eight wins, one tie and one losing game. The Redlegs are second with eight wins and three losses. The Dodgers are third with four wins, seven losses and one tie. The Braves are in the cellar with no games won.

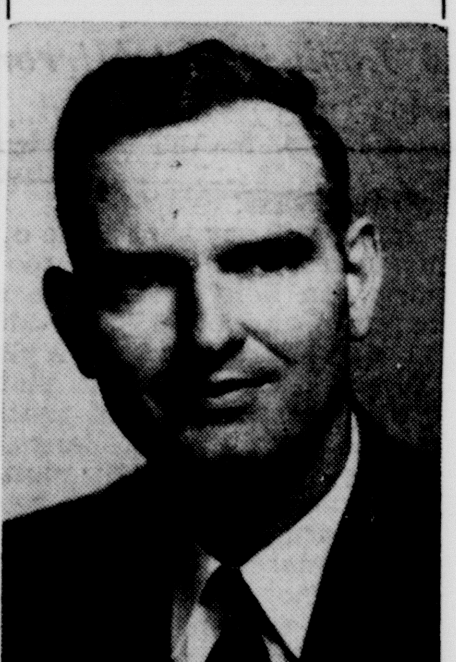

In the Minor League the Redlegs are ahead with 10 games won and two lost. The Yankees have won eight and lost three. The Dodgers have won four and lost eight, and again the Braves are without any wins.

Conatser Named Water Director

Johnny Conatser was named water superintendent by the city commission effective July 1. Mr. Conatser has served with the water department three years in September. He has been assistant superintendent for the past year.

A graduate of Canyon High School, Conatser is married and has one son, Johnny Lee.

Heads Club

DR. LUTHER G. HAGARD JR.

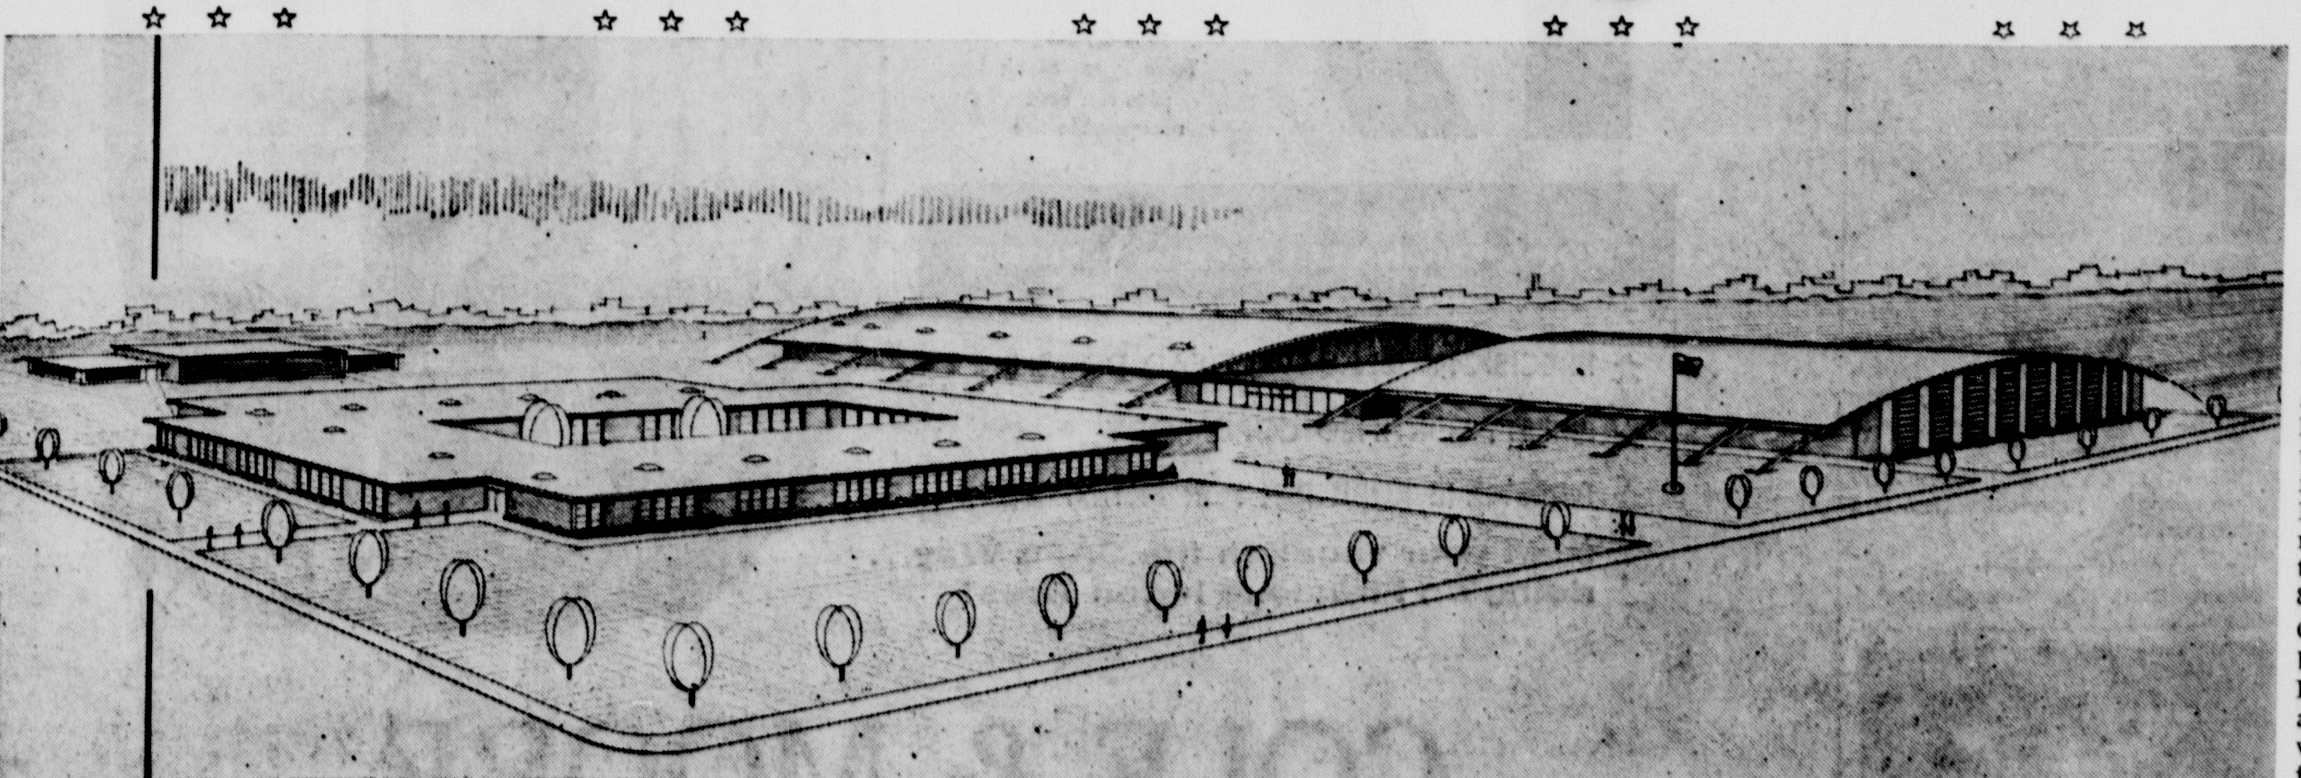

Rotary Officers Assume Duties

New officers for the Rotary Club took office yesterday at their meeting in the American Legion Hall. President of the organization is Dr. Luther G. Hagard Jr., associate professor of government at West Texas State College.

Dr. Hagard has served on the board of directors the past two years and edited the Canyon Rim in 1955-56.

Vice president is Dr. J. B. Roberts. Secretary is George Dudley Moore, and treasurer is Jerry LaGrone. Col. Ed Lindsey, Mitchell Jones, Bob Lindsey Jr. and Don Standley are directors.

Board Approves Plans for High School and Calls for Bids

Architect's Drawing of the New High School for Canyon

Plans for Canyon's new high school were approved by the board of education Tuesday night. Bids for construction of the new building will be opened July 30 at 2 p. m. in the superintendent's office.

The school, which will be built in four units, will be located four blocks south and a block east of the present high school at the site acquired by the board last fall. Unit A will be classrooms and administrative offices; Unit B will house the auditorium and cafeteria; Unit C will contain the physical education department and Unit D will include the Vocational Agriculture and shop areas. The total area will cover approximately 88,000 square feet.

Construction of the fireproof building will be of brick and steel. Plans call for the classrooms and auditorium to be air conditioned with a system that can be switched from one area to the other. Both classrooms and auditorium cannot be air conditioned simultaneously.

Bonds to finance the construction program were voted Sept. 5, 1958, in the amount of \$1 million. Voters also adopted Senate Bill 116 at that time.

Architects for the new building are Townes and Townes of Amarillo. The same firm did the elementary school.

In other business taken up by the board, Mrs. Henry Osborne was elected to teach in the Canyon Elementary School.

Stores To Close Saturday, July 4

Most Canyon merchants will close their business houses Saturday in observance of July 4.

Independence Day is one of six holidays selected by the Chamber of Commerce Retail Merchants Committee to be observed by Canyon businessmen.

Elevators will remain open, although connected feed stores will close.

Don't Be A "Motorcide"

The Texas Department of Public Safety has forecast that 26 persons will be killed in traffic accidents this weekend during the three-day fourth of July holiday. This prediction is an increase over any other such three-day period and follows the definite upward trend in "motorcides." Information such as the above doesn't seem to have much bearing on the way people drive during a holiday period but unless something is done to curb the reckless and careless drivers the estimate will probably be exceeded.

Eight hundred and thirty-three people were killed in traffic accidents during the first five months of 1959 compared

to 753 in 1958. This is an increase of 11%. During the same period, the number of fatal crashes jumped from 619 to 715, an increase of 16%. During the first five months of 1959 there were 44,000 people injured in 109,000 automobile

accidents. Estimated economic loss involved amounted to \$120 million.

One of these days we must realize that control of the individual driver is essential to control of the traffic safety problem. Drivers who either fail or refuse to obey the traffic laws must lose their driver's license in order to protect the great majority of drivers who do obey the laws. A big per cent of all crashes between vehicles involve some violation of the law. In fact, in 1958, 98.6% of all rural crashes between vehicles involved some violation of the law. These rural crashes included only 40,000 of the 208,000 reported crashes of all kinds in Texas in 1958 but they took 1,684 lives, or 72%, of the total of 2,342 lives lost in Texas traffic.

These figures mean that one person was killed every three hours and 44 minutes in Texas traffic in 1958, one was hurt every four minutes, a crash occurred every 83 seconds, and economic loss cost \$660 every minute. It means 14 out of every 1,000 Texans were injured in traffic, and 76,000 vehicles were smashed and car insurance cost rose \$50,000,000 a year in 1958.

About the only thing that can be done is to have stricter traffic laws and a better system of issuing and renewing driver's licenses. Many of the authorities advocate the permanent suspension of the license of chronic offenders of traffic laws. There are cases on record where an individual has as many as 30 traffic violations on record yet is free on bond with a driver's license which entitles him to drive even though he is mentally and physically unfit to be on the highway.

Homer Garrison, director of public safety, has asked for legislation to keep drivers with bad records of traffic violations from operating motor vehicles. Garrison said the law should spell out that a person caught driving while his license is suspended would be subject to a jail term. Under present laws, such an offender can only be fined. Garrison said the state should have the authority to suspend a driver's license indefinitely and permanently, if warranted, in aggravated cases, such as repeated violations.

Under present law, a driver's license can be suspended for a maximum of one year only. This suspension doesn't amount to much though since the motorist who drives while his license is suspended is subject only to a fine.

We hope to see you around on Monday, July 7, so if you are planning on taking a trip be sure and obey all traffic laws and watch out for the few who insist on speeding and neglecting the traffic laws. The Department of Public Safety has promised to do everything in their power to stem the tide of "motorcide" this weekend, but the main job belongs to the driving public.

Prediction Came True

As predicted in *The News* last week, less than half of the qualified voters took time to go to the polls and vote in the Home Rule Charter election. This election provided the people of Canyon the opportunity to say what kind of city government they would like to have. Yet less than 50% cared enough to go to the polls and cast a vote. Unless more interest is taken in politics and government, by the public in general, we will soon be told what to do and be governed by a small minority of well organized people who make it a point to visit the polls and express their opinion regardless of what the issue may be. This is not only true in local government but also applies to the state and national government.

What Our Neighbors Say...

Scissor Snippings

Harold Hudson in The Ochiltree County Herald: This department is not a fisherman—never have been. But with two boys bent on fishing, it may be that we will become a fisherman in the near future.

Fishermen are as silly as golfers about getting equipment. We make fun of women, but while a woman may spend money on hats, we never heard of one spending \$25 on fishing tackle to catch a 25c fish.

H. M. Baggary in The Tulia Herald: It is doubtful if any other human endeavor is as hazardous as farming—Las Vegas not excepted!

If the farmer is able to sow his crop, survive winter drouth, the spring wind and dust, insects, Benson, unfavorable harvest weather,

he may come out and be able to satisfy most of those whom he owes.

When all things work together for good and he has a profitable year, he receives much publicity from the big dailies and national magazines about his "fabulous" profits. But when he barely breaks even, or perhaps goes in the hole on a crop, these publicity media are strangely silent!

Paul Loftin in The Panhandle Herald: This is vacation season; wheat harvest may have your vacation blocked temporarily, but soon you'll be going.

How about thinking about the Texas Panhandle. Have you seen it lately? Thousands of people living in

this area have never made the drive over the new highway south of Claude; have never visited the Panhandle-Plains Historical Museum in Canyon; Palo Duro State Park; America's First Boys Ranch at Tascosa; the industrial development at Pampa and Borger and the scenic lakes near Canadian and Umbarger.

I GIVE YOU TEXAS

By
BOYCE HOUSE

Many songs have been written about Texas and Tennessee, about Carolina and Oklahoma, about Ohio and Missouri—but some states have been completely neglected by the song-writers. Why doesn't someone write a song with the title, "I'm Gonna Take a Boat-a to Good Old North Dakota"?

When I was a little boy, I thought that the North Pole really was a pole—maybe striped like the red, white and blue ones in front of barbershops.

At the age of 29, Andrew Jackson weighed only 130 pounds, although he was six feet, two. While a member of Congress, he made one speech; or, more correctly, attempted to make one, for in the midst of speaking, he seemed to become overcome by anger and sat down.

Soon after I became the editor of the Banner, in Piggott, Ark., in 1919, I told my partner, "Mr. Casey (that wasn't the actual name) wants a supply of envelopes; he said you would know what to print on them." My partner replied, "Yes, there's so much typesetting involved that I just keep the form standing. Without a doubt, it's the longest 'return address' in postal history."

Printed in the upper left-hand corner of the envelope was something like this:

"After 10 days, return to Casey Company, dealers in cork-screws, screw-drivers, hair-pins, turnip-seed, fly paper, staple and fancy groceries, rat biscuit, horse-collars and well-ropes—Piggott, Ark."

In Fort Worth, there is a tiny lunchstand named, "Dine-a-Mite."

Savings Bonds Sales Reach 43 Per Cent

Savings bonds sales for the first five months of 1959 totaled \$162,794, according to Don Standley, chairman of Randall County's bond committee.

Randall County has now reached 43.2 per cent of its 1959 goal of \$377,000. May sales were \$34,254. Sales in Texas for the first five months were \$69,397,546.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: CATHERINE BALLANTYNE,
Defendant, Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court, 47th Judicial District, of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 27th day of July, A. D. 1959, to Plaintiff's Petition filed in said court, on the 9th day of June, A. D. 1959, in this cause, numbered 3781 on the docket of said court and styled Wm. Ballantyne, Plaintiff, vs. Catherine Ballantyne, Defendant.

A brief statements of the nature of this suit is as follows, to-wit: A suit for divorce on the grounds that plaintiff and defendant have lived separate and apart without cohabitation for more than seven years next preceding the filing of said suit; there being no minor children of plaintiff and defendant whose custody is to be determined and no community property to be partitioned or otherwise disposed of by the decree in this cause, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 10th day of June, A. D. 1959.

Becomes Bride

MRS. WAYNE THOMAS PRICHARD

Murdock-Prichard Vows Solemnized In Wellington Methodist Church

La Vena Fae Murdock of Wellington became the bride of Wayne Thomas Prichard June 19 in the First Methodist Church of Wellington.

The bride made her home with Mr. and Mrs. Jack Morgan Davis of Wellington, and the bridegroom is the son of Reginald E. Prichard of Canyon.

The Rev. J. F. Michael performed the double ring ceremony as the bride and groom stood beneath a white wrought iron arch entwined with jade leaves and white hearts, flanked by baskets of white gladioli and seven branched candelabra holding white tapers. Completing the arrangement were a white satin covered prie dieu and white satin bows as pew markers.

Mrs. Kelly Pigg, organist, played "I Love You Truly," "At the End of the Day With You," "Ah! Sweet Mystery of Life," "Because," and "Greensleeves" and accompanied L. B. Bratten, who sang "The Lord's Prayer."

June Humes of Lames, maid of honor, wore a pale pink organza dress, made with a scooped neckline, pink satin sash, and full street length skirt. She carried a heart-shaped bouquet of French pink chrysanthemums.

Reginald E. Prichard Jr. of Amarillo was his brother's best man. Sharing the ushering duties were Lawrence Warrick, Tommy Stall and R. R. Crawley.

Given in marriage by Mr. Davis, the bride wore a wedding gown fashioned of Chantilly lace and nylon tulle, with a fitted lace bodice that had a v-neckline accented by deep scallops, and long pointed sleeves. The bouffant floor length tulle skirt was accented with paniers of lace.

Her finger-tip illusion veil fell from a lattice-work cap outlined in seed pearls. The bride carried a bouquet of french white chrysanthemums atop a white Bible, showered with streamers of white satin ribbon and garlands of french mums.

A reception followed in Fellowship Hall of the church.

The serving table was covered with a pink net cloth and centered with the bride's bouquet and lighted pink tapers. Serving the wedding cake was Wanda Elliott of Clarendon and Frankye Srygley of Memphis poured.

Mrs. Gordon Thomas of College Station registered guests.

The bride is a graduate of Wellington High School and has attended Oklahoma College for Women at Chickasha, where she was a member of Be Ti Ta. She received her B.S. degree from West Texas State College, where she was a

member of Kappa Tau Phi and Alpha Delta Pi. She has taught in the Carrizozo, N. M., Municipal Schools since January.

The bridegroom received his B.S. degree from WT in 1958, after spending four years in the U. S. Air Force in North Africa and Puerto Rico. He will continue his studies in electronics, along with his present work as a Civil Service mathematician at Holloman Air Force Base, Alamogordo, N. M., where he works with a group doing calculations necessary to firing rockets and missiles at the base.

Hinders' Holsteins Lead Production

Louis Hinders' Holstein herd led Canyon County cows in milk and butterfat production in June, according to Harold L. Hensley, supervisor of the Dairy Herd Improvement Association.

In second place was Neil Downing's herd of Holsteins, followed by the Holstein herds of Eugene S. Bonds and Richmond Hales.

Two of Hinders' cows led the list of top 10 cows in milk production, followed by cows belonging to Downing, Bonds, and Hales. The same two Hinders' cows led the top 10 list in butterfat production. Other Randall County cows on the list belonged to Downing, Bonds and Don Schaeffer.

At it again, for the third time this year, Legislators go into the second special session wearing, but wiser.

Midnight wind-up of the second session brought show-down votes indicating what each house will and will not accept in the way of a tax program. Next conference committee on taxes will know that the line of compromise must be more finely drawn between Senate and House thinking.

In addressing the new session, Gov. Price Daniel reminded lawmakers of the "up against it" state of things. "Every function of state government depends on enactment of an appropriation bill before Sept. 1 with a tax bill to support it," said the governor.

State's fiscal year and present appropriations run out Aug. 31. Unless a new appropriation bill can go into effect the next day, the whole state operation — including hospitals, schools, employee salaries and pensions — will stop.

This is unthinkable, of course. No lawmaker could go home and face the voters with things in such a state.

But there's another factor which the governor emphasized. Cost of deficit financing plus loss of potential tax income means that each day's delay costs the state an estimated \$200,000. Despite this, the House took a four-day weekend and the Senate, 3 1/2 days.

But some lawmakers seemed to feel the delays, deadlines and head-knocking were not necessarily expensive wasted motion, but milestones along the long, hard road to democratic compromise.

"We've crossed a lot of bridges we won't have to cross again," said Rep. Don Kennard of Fort Worth. NO SURRENDER — Legislature was thrown into another session when the House rejected, 117-to-23, a conference committee tax bill that was largely based on Senate thinking. Senate approved, 19-to-12.

Some House members were indignant that three of the five House appointees signed the conference committee report which House opponents called a "complete surrender" to Senate wishes. House passed a tax bill that was divided about 50-50 between taxes on business and selective sales taxes. Senate pared back the business taxes to about 18 per cent, added new or heavier sales taxes to make up the difference.

Conference committee proposed a bill that would have raised \$177,066,000 with essentially the same levies approved by the Senate plus a temporary hike from \$1 to \$2 in drivers licenses.

Appropriations conference committee was reportedly deadlocked and never made a report.

After the new session opened, most of the same taxing and spending bills were introduced again, including the twice-killed abandoned property bill.

House quickly re-passed the same appropriation bill it had passed before. Most bills are expected to follow the same pattern they did in the last special session — up to the point where the conference committees start working out differences.

ONE MADE IT — Only major money bill to make the grade is the bookkeeping bill, passed by both Houses and signed into law by the governor.

Effect of the law is to change accounting procedures so that an estimated \$28,000,000 more will be credited to the state's general fund when the fiscal year runs out Aug. 31.

Guild District Conference Held

The First Methodist Church of Canyon was host church for the Coaching Conference of the Amarillo District Wesleyan Service Guild Sunday afternoon in the church parlor.

Dorothy Peery of Amarillo, district chairman of spiritual life cultivation, Mrs. Frank Hoyt of Amarillo, district chairman of Christian social relations, Mrs. J. L. Gilmore, district chairman of missionary education, and Mrs. E. J. Larson, district secretary, presented the program. A quiz session followed concerning the duties of the various offices of the Guild.

Refreshments were served to 35 delegates and Rev. H. Doyle Ragle, pastor of the host church.

Randy Lyles Has Birthday Party

Randy Lyles was honored on his sixth birthday Saturday with a birthday party in his backyard.

Organized games and a picnic supper were enjoyed by Harry and Chi-Chi Harper, Ricky Truitt, Anita Godfrey, Rickie Hales, Rena Gayle Hillier, Vince Wirt, Donna Ruthart, Neil Knighton, Mark Lawless, Ronda Kay Gillham, Mike Raillard, Stanley Thomas and Ricky Lyles.

Marriage Licenses

Marriage licenses were issued in the past week to:

Ernest Everett Edwards and Yvonne Annette Drummond, June 26.
James Wendell Robertson and Karolyn Marie Rasco, June 23.

I. D. Weldon Shows Machine Attachments

I. D. Weldon gave the program when the Pleasantview Home Demonstration Club met last Wednesday in the home of Mrs. Morris Abbott, with Mrs. M. A. Keller as assistant hostess.

He demonstrated the care and use of sewing machine attachments.

The meeting was called to order by Mrs. John Jennings, and Mrs. Cristler Crain read the minutes. Eleven members answered roll call by stating their favorite new fabrics. Mrs. Earl Burtz, recreation chairman, led group singing.

Next meeting will be with Mrs. B. L. Hufnagle at 2:30 p. m. July 8.

Self-praise is worth about as much as anything else you can get for nothing.

Bulletin Tells Of Branding Law

Though Texas has a law requiring that cattle, hogs, sheep and goats must be branded or marked and the brand or mark recorded, brand inspectors estimate that 25 percent or fewer of the cattle and less of the other animals are branded.

However branding is still a common practice in some areas and the branding laws are still in force. Some of these brand laws are obsolete and the enforcement machinery is inadequate.

This information comes from a new publication released by the Texas Agricultural Experiment Station titled, "Analysis of Texas Laws and Regulations Controlling the Movement and Sale of Livestock."

The publication brings together many of the more important laws and regulations so that producers, selling agents, buyers and consumers may know the legal requirements to be observed and the protection provided.

The responsibility for prevention and control of livestock diseases in Texas rests with the Livestock Sanitary Commission. The steps being taken by the Commission and the U. S. Department of Agriculture to control and eradicate livestock diseases are discussed.

Auctioneers and how their profession is regulated and the testing of livestock scales at public auction markets and stockyards are among the other topics of discussion.

To obtain a copy of the bulletin, write the Agricultural Information Office, College Station, Texas. Ask for MP-322.

Married

MR. AND MRS. DICK FOSTER

Dorothy Bachman-Dick Foster Vows Are Solemnized in Stratford Home

Nuptial vows were solemnized June 6 for Dorothy Lucille Bachman and Dick Foster of Happy in the home of the bride's parents, Mr. and Mrs. H. J. Bachman Jr., in Stratford. The bridegroom is the son of Mr. and Mrs. Jack Foster of Happy.

Rev. Walter Hadley, pastor of the First Methodist Church at Happy, officiated at the double ring ceremony, read before a fireplace decorated with pale pink gladioli and turquoise candles, flanked by floor candelabra bearing white tapers.

Mrs. Mike Neal of Amarillo sang "I Love You Truly" and "Whither Thou Goest," accompanied by Mrs. Frank Sutton, who also played traditional nuptial selections. Mrs. Sutton accompanied her husband, Frank Sutton, as he sang the "Lord's Prayer" at the close of the service.

Candelighters were Lynn Gaylord, nephew of the bride, and Jackie Milam of Tulsa, nephew of the bridegroom.

Matron of honor was Mrs. Carl Oquin of Spearman, sister of the bride. She was attired in a turquoise nylon organdy dress and a headband of flowers. She carried an arm bouquet of pink majestic daisies.

Flower girls were Debbie Gaylord, niece of the bride, and Beth Foster, of Happy, niece of the bridegroom, who wore matching turquoise nylon organdy dresses with nosegays of pink daisies in their wrists and headbands of flowers and nylon net.

Dean Foster of Happy, brother of the bridegroom, was best man. Escorted to the altar by her father, the bride wore a dress of

corsages.

A reception followed. The serving table was laid with white net over pink and centered with a tiered wedding cake, flanked by crystal candelabra holding turquoise tapers. Individual cakes and crystal punch service completed the table arrangements.

The wedding cake was iced in white, decorated around the sides with rose canopies and wedding bells. On top of the first tier were pairs of love birds around four white swans. A miniature bride and groom standing in a lace heart were on the top tier.

On the white napkins was the notation "Now we are Mr. and Mrs., Dick and Dot." Mrs. Laurine Ellard served strawberry punch and Mary Janice Boren served the cake. For the wedding trip to Lake

Altus, Okla., the bride chose a black and white nylon dress with white accessories and a pink miniature rose corsage from her bouquet.

A graduate of Stratford High School, Mrs. Foster attended business college in Amarillo and was employed by Southwestern Public Service Co. there. The bridegroom, a graduate of Happy High School, attended West Texas State College, where he was a member of Alpha Sigma Xi fraternity.

The couple will make their home in Happy, where he is engaged in farming and carpentering.

Mr. and Mrs. La Verne Gaylord entertained with a rehearsal party in their home the evening before.

The couple were honored with a wedding breakfast in the home of Mr. and Mrs. W. H. Gaylord June

6, and the bridegroom's parents were hosts at a wedding dinner that day in the Palace Cafe in Stratford.

Best Room!

JUST ONE OF 7 Big Bests Chevrolet OFFERS you over any other car in its field!

Take a tip from the experts . . . in their own words . . . and from on-the-record facts and figures: More than ever, Chevrolet gives you more than any other of the leading low-priced three! More room to relax in, for instance. A sampling of official dimensions reported to A.M.A.* makes this clear. Chevy front seat hip room, for one thing, is up to 5.9 inches wider than comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

Best Brakes Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a

NASCAR†-conducted test of repeated stops from highway speeds.

Best Style It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

Best Engine Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: ". . . surely the most wonderfully responsive engine available today at any price."

Best Ride MOTOR TREND magazine calls Chevy ". . . the smoothest, most quiet, softest riding car in its price class." You'll be

able to tell this yourself instantly, once you take the wheel.

Best Economy No doubt about this: Two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22.38 miles per gallon—with Powerglide.

Best Trade-In Check in any N.A.D.A.† Guide Book. Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

Washington Report

DEADLINE

By Representative Walter Rogers
18th Congressional District

Although this is a weekly newsletter, which would indicate that there is plenty of time to prepare it, the deadline sometimes slips up on you. Last week was one of those times. We almost missed getting this letter out on schedule. The reason was the extreme activity in the Committees and the House.

The Legislative Oversight Subcommittee of the Committee on Interstate and Foreign Commerce held hearings all week long commencing at 9:30 each morning and lasting until the House of Representatives went into session at noon or 11:00 o'clock. The measures being considered by the House of Representatives involved matters that required our constant attendance.

The first day was devoted to consideration of a Conference Report on an appropriations bill, the Consent Calendar, and the Suspension Calendar. The Suspension Calendar included the highly controversial Veterans Pension Act of 1959. A two-thirds affirmative vote was necessary to pass this bill, but its passage does not indicate the controversy that took place in the House.

Another bill on the Suspension Calendar was the extension of the Oil and Gas Compact between the States, which is highly important to Texas and our section. The House then adopted a resolution authorizing the consideration of

the foreign aid bill, to be taken up and debated on Tuesday.

A major portion of the rest of the week was consumed in bitter debate over this highly controversial measure. We also had the wheat bill that had been approved by the Senate and House Conference Committee. This was hotly debated and, incidentally, failed of adoption.

As soon as the foreign aid bill had been concluded, the House considered probably the most expensive issue facing the country today. I refer to the proposal of the Eisenhower Administration to increase the national public debt limit.

These activities meant that the day of the Congressman started earlier and lasted later than usual. I was on the move by 7 o'clock in the morning, and never able to get to bed before 12 o'clock all week. In addition to the activities outlined above, we had the usual responsibilities and obligations of the average day in the Congressional office.

That is, the regular mail that must be answered promptly, the matters that must be handled with all the Federal departments, the reference work which must be done to keep one acquainted with the pending bills, as well as a thousand and one other things that are never anticipated. I am sure all newspaper, television, and radio people can appreciate the deadline situation. I just wanted you to know that it goes on here too.

Mr. and Mrs. C. Petruccione and children returned home Friday night from a three weeks vacation in Belleville, N. J., where they visited his mother and other relatives.

Mr. and Mrs. K. E. Hines and family returned Tuesday from a ten day vacation to Los Angeles and San Diego.

People without a purpose in life can never show progress.

Wilbert Long Seeks Degree

Wilbert Long, a native of Canyon, is a candidate for graduation from Southwestern Baptist Theological Seminary at Fort Worth during commencement exercises at 10 a. m. July 17.

Long, the brother of Mrs. Bill Dugan, 2700 Fourth Avenue, will receive a master of religious education degree. He holds a B.S. degree from West Texas State College and a B.D. degree from Southwestern.

Speaker for the service will be Dr. T. A. Patterson, pastor of the First Baptist Church at Beaumont. One hundred and ten students from 18 states have applied for graduation.

Long is now pastor of the Addison Baptist Church at Addison.

"Are we mice or men?"
"He'll not make a monkey out of me!"

Mice and monkeys are probably the butt of more human-being jokes than any other animals. The mouse is poked fun at for his lack of courage. We say of a woman's hair that it's mouse-colored, when we mean it lacks beauty. We call a man a mouse when he's short on spirit or bravery. We say a person was mousing through a drawer or shelf, meaning she was rummaging messily.

Monkeying around is meddling. We call a mischievous child a monkey, or we have a monkey of a person when we cause him to become a laughing stock. Probably the comical appearance of these little animals with their almost-human faces accounts for the word usage.

Yet first mice, then monkeys have been used by scientists to pioneer human reactions in outer space. And while the mice never got there, at least they were forced into a role of bravery beyond that of man.

The average American doesn't give a hoot about rodents and primates. He wouldn't know a house-mouse from an African tree mouse, or a rhesus monkey from an Abyssinian baboon. He isn't particularly interested in what mice and monkeys eat, where they prefer to live, or what if anything they think. But he's terrifically inter-

ested in the scientific data the little animals are able to bring back to little people.

These animals had no say in the matter of the heroism that has been thrust upon them, but still it seems to us they should be graduated from the joke-making level. Because it just could be they're

making mice and monkeys of us!

Mr. Tax-payer:

Which of these pipes will your city use?

Texas-made Lone Star cast iron pressure pipe
will last over a hundred years!

The use of cheap substitutes, such as foreign made cement-asbestos pipe, is wasteful and means probable replacement in a very few years. (This pipe was taken from a Texas city's water system. Photo is unretouched.)

Officials of most Texas municipalities know that when they buy and install cast iron pipe they are helping to support the American economy and the high standard of living we all enjoy. They are buying products made in America for use by Americans. They are not fooled by the slightly lower initial cost of foreign goods because they realize that this "paper savings" will be more than offset by the cost of excessive maintenance.

Domestic cast iron pressure pipe is time-honored, centuries-proved, and is backed by strong, resourceful American companies that will be in business for years on end to guarantee their product.

Really, who backs foreign-made pipe? Who answers for it when it fails? To whom will the few all-advised pipe-buyers look for the answers to these questions when trouble develops? Were they penny wise and pound foolish?

Take a look at some of these important factors back of the initial price tag, then pick up the telephone and call the first city official you think of and tell him you appreciate his good judgment in buying American-made cast iron pipe with your tax dollars. If he has been buying Lone Star pipe, tell him that we, too, appreciate the business!

Cast iron pipe, such as Lone Star's dependable pressure pipe, will last for over a hundred years. It saves millions in tax dollars by eliminating repeated repairs that are inherent in cheap, foreign-made substitutes. Lone Star pipe bears the "quality check" of the Cast Iron Pipe Research Association and the approval of Underwriters' Laboratories, Inc.

SOIL CONSERVATION DISTRICT NEWS

During the past quarter century, farmers and ranchers have built nearly a million ponds as part of their soil and water conservation programs. These ponds serve many useful purposes — livestock water, irrigation, fire protection, fish production. They also serve as recreation centers for picnicking, swimming, boating and skating.

A Public Health Service survey shows that drowning was second only to farm machinery operations as a cause of outdoor accidental deaths on farms from 1949-53. Many drownings occurred in natural streams, lakes and other bodies of water; but too many occurred in ponds that did not have proper safeguards.

The Randall-Potter Soil Conservation District supervisors urge co-operators who have ponds to post safety instructions around dangerous areas and provide lifesaving devices such as ring bouys, ropes, or long poles.

To help in this safety program, the Soil Conservation Service has a new four-page illustrated leaflet, PA-396, "Make Your Farm Safe—Prevent Drownings." You may obtain this leaflet free from your local SCS office in the Randall County courthouse.

One of the better, if not the best, conservation practices in this area is the stubble mulch practice. Experience has proven that where this practice is followed, there are much less wind and water problems. By using chisels and sweeps on small grain acreage, the stubble can be left on top of the ground and will reduce wind erosion as well as shade the ground and conserve moisture.

In an effort to encourage farmers to follow this practice, the County Committee and other Agricultural Agencies included a stubble mulch practice in the Agricultural Conservation Practice Handbook this year. Since the practice is more expensive, they have agreed to pay part of the increased cost of farmers carrying out the practice. The cost-share rate is \$1 per acre.

The committee feels that this \$1 would be money saved over that amount necessary to combat wind erosion in the spring of that year. Farmers desiring to carry out this practice must make application at this office before the practice is started. This allows us to set aside the necessary funds.

All cotton in the county has been measured and notices mailed. Out of the 201 cotton farms, 77 were overplanted. Farmers have 15 days from the date of the notice to destroy the excess and pay the cost of revisiting the farm. We want to thank each farmer for his cooperation.

Side Views: Carl Miller coming by the office to sign lien waivers for the tenant on his farm. Tom Gooch, Sr., reporting that the temporary cover crop on his Conservation Reserve Acreage had been seeded. Forrest Gruner signing up to stubble mulch his small grain acreage this summer. A. W. Lair dropping by the office to tell us he had purchased his father's farm, and to get his wheat marketing card. Morris Abbott in checking on the Conservation Reserve Program. Bradley Burrus in the office to get his wheat marketing card. C. I. Danner requesting an extension on his Bindweed Control practice. Leo Zimmerer figuring on the purchase of used freight cars for grain storage purposes. Gus Keith of Amarillo, making the first application for a 1959 wheat loan.

Rev. Doyle Ragle Attends Meeting

Rev. H. Doyle Ragle, pastor of the First Methodist Church, attended the 59th annual session of the Texas Pastors' School June 22-25 at Southwestern University at Georgetown.

Featured speakers were Dr. George A. Buttrick of Harvard University at Cambridge, Mass., and the Rev. Dr. J. S. Whale, from Devon, England.

Seminar leaders and topics were Dr. Kenneth W. Copeland, pastor of Travis Park Methodist Church of San Antonio, preaching, and Dr. Robert E. Elliott, assistant professor of pastoral theology at Perkins School of Theology in Dallas, pastoral counseling.

Col. Prichard Is Transferred

Lt. Col. and Mrs. A. H. Prichard Jr. and children, Janice and Mike, are visiting with their parents, Mr. and Mrs. A. H. Prichard and Mr. and Mrs. Charles Harter. Colonel Prichard is being transferred from Montgomery, Ala., to Travis Air Force Base in California.

Fairview Breezes

We received 2.50 inches of rain the weekend of June 21.

Brother Charles Pierce preached to a small crowd Sunday morning. There was no service Sunday evening as there were quite a number ill in the community.

Mrs. Charles Pierce's father was in an Amarillo hospital with a back injury.

Mrs. Georgia Rogers was taken violently ill Saturday afternoon and was rushed to the Amarillo Osteopathic Hospital for treatment.

Mr. and Mrs. Arlen Wesley and Kyle Ray visited Sunday with Arlen's grandparents, the J. W. Wesleys.

Bobby Gauthreaux and a friend from the air base at El Paso visited Saturday and Sunday night in the H. H. Shipman home. Bobby was seeing his new daughter, Patricia Nan, for the first time. Mrs. Gauthreaux and baby expect to go to El Paso about the middle of July.

Mr. and Mrs. E. E. Wesley and family visited Wednesday night with the J. W. Wesleys.

Mrs. Mittie Wann and daughter, Frances, and Mrs. J. W. Wesley visited Thursday afternoon with Mrs. Texie Schaeffer.

Vergea Liston and a sister-in-law visited Saturday afternoon with Lizzie and Annie Wesley.

Mrs. Mittie Wann and daughters, Frances Dowser and Quintilla Davidson, returned to their home in

California Friday. They were here for the funeral of their mother and grandmother, Mrs. M. F. Evans.

Harvest is on us with a few drying days, and it will be in full swing.

The Tongue and Thimble Club met in the Serena Bryan home with Vergea Liston as hostess. Since everyone was busy it was decided to postpone meeting again until the first Thursday in September.

The Wesley reunion will be the Saturday and Sunday, July 11 and 12, in McKenzie State Park at the barbecue pit. Bring food for three meals — Saturday night, Sunday morning, and the noon meal on Sunday.

Our annual singing will be held at Fairview July 19. Lunch will be served at noon. Come enjoy the day with us. We expect some good singing.

Visiting in the G. E. Wesley home Sunday were Mr. and Mrs. Junior Lowery, Mr. and Mrs. J. D. Prosser and Randy, and Mr. and Mrs. J. W. Wesley.

(Too late for last week) Mrs. Woodrow Wesley entertained her two nieces, Vicky and Candy Boyd, while their parents moved to Amarillo.

Mr. and Mrs. J. D. Prosser and boys visited recently in the G. E. Wesley home.

Everyone is quite busy planting their row crops.

We received 2.30 inches of rain since Father's Day.

Has Chapel Wedding

MRS. RAPHEL GUNNELS

Norma Glenn-Raphel Gunnels Vows Read June 20 in J. A. Hill Chapel

Given in marriage by her father, Norma Glenn became the bride of Raphel Gunnels of Amarillo in a double ring ceremony June 20 in Joseph A. Hill Chapel.

Parents of the couple are Mr. and Mrs. Norman Glenn, 1902 Eighth Avenue, and Mr. and Mrs. Mark Gunnels, 3113 Curtis Drive, Amarillo. Rev. Carl Wagner, pastor of the Pentecostal Holiness Church, read the vows before a candle-light altar centered with arrangements of white stock and gladioli.

Traditional wedding marches were played by Mrs. Meade Humphries, organist, who accompanied Nancy Glenn of Midland, cousin of the bride, who sang "Always" and the "Lord's Prayer." Candlelighters were Jim Glenn

and Charles Wagner. Donnie Glandon and Nancy Boyle were ring bearers. Randy Billington and Deliege Connell were flower girls.

Mrs. Roger Glandon, sister of the bride, who was matron of honor, wore a waltz length dress of pink crystalline, elbow length gloves and picture hat. She carried a bouquet of blue carnations tied with a white ribbon.

Bridesmaids were Carol Hennington, Alemta Howard, and Mrs. Mark D. Gunnels, who were attired identically to the matron of honor.

Best man was Mark D. Gunnels, and groomsmen were Henry Ariza, Jerry Billington and Bill Glenn.

The bride wore a gown of Chantilly lace over satin, designed with a sabrina neckline and fitted lace bodice with long sleeves. A double-tiered flounce on the full skirt swept into a chapel length train. Her fingertip veil fell from a pearl studded crown.

A reception followed in the VFW Hall. Guests were registered by Joyce White and Delores Wagner. Serving cake and punch were Mrs. R. E. White, Mrs. Cleo Caldwell, Mrs. John Harding, Doris McDowell and Glenda Rogers.

Mrs. Gunnels is a graduate of Canyon High School. The groom, a graduate of Amarillo High School, is stationed at Fort Knox, Ky., with the Army.

Mrs. D. A. Shirley and daughter, Louise, have returned from Ogden, Utah, where Miss Shirley teaches. Mrs. Shirley has been visiting Louise in Ogden. They toured Salt Lake City, Grand Canyon, Bryce Canyon and Zion National Park on their way home.
